

**REMARKS**

Applicant respectfully requests that the foregoing amendments be made prior to examination of the present application.

In the specification, paragraphs have been amended or inserted on the first, second and fourth pages.

Claims 1-8 are requested to be cancelled.

Claims 9-25 are being added.

This amendment adds, changes and/or deletes claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier.

After amending the claims as set forth above, claims 9-25 are now pending in this application.

Portion of the specification and the claims have been amended to place the application in a form more common to U.S. Applications. No amendment to a claim is believed to narrow the scope of the amended claim.

Applicant believes that the present application is now in condition for allowance. Favorable consideration of the application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Respectfully submitted,

Date 3/29/06
